

Souly Lodge

Capturing the spirit of the Bedouin, Souly Lodge is one of the Sultanate's first sustainably built and fully immersive accommodation options, featuring 15 ocean-front, handcrafted wooden and palm frond luxury huts. The lodge is situated on a serene, sandy beach perfect for tranquil vacations with friendly camels never far away. Each hut, while sustainably built, includes a full range of modern amenities to ensure elevated levels of comfort for guests.

Souly Lodge features traditional cuisine, served in classic Arabian style and aromatically seasoned to provide a deeply rooted Omani experience. Shuwa and savory Qahwa, a part of the Sultanate's heritage for centuries, will complement the immersive experience. Live music performances, relaxing campfires, and exploring the starlit skies are all available to dazzle the senses and tantalise all visitors.
